Dear President Zeev Weiss,

I am honored to have assumed the role of Vice Chairman and CEO of the Federation of Korean Industries (FKI), and let me take this opportunity to express my sincere appreciation for your devotion to consolidating the bilateral relations in all aspects between Israel and Korea.

As you know, both business communities have worked closely to promote the bilateral economic cooperation between the two nations for the past years. I hope to have more opportunities to discuss our mutual issues and future cooperation, and for that, it would be my great pleasure if we could hold the Korea-Israel Business Council Joint Meeting in a near future that was regrettably cancelled on the final stage last year.

I am confident that our mutual efforts will help our two nations as well as the two business communities to further grow and prosper. I hope for your continuous support and cooperation with the FKI, and wish you good health and great success.

Yours sincerely,

Seung-Cheol Lee
Vice Chairman & CEO
The Federation of Korean Industries
